

## NOTICE REGARDING TEMPORARY CHANGE IN THE DESIGN OF DISC TYPE WORKING ELECTRODES

### Part Numbers Affected

- MF-2013 / MF-2113 / MF-2067
- MF-2014 / MF-2114 / MF-2068
- MF-2012 / MF-2066 / MF-2069
- MF-2010 / MF-2065 / MW-1032
- MW-1033 / MF-2110
- MF-2016 / MF-2018 / MF-2011
- MF-2111 / MF-2024 / MW-4132

Black PCTFE

Transparent PCTFE

# DISC TYPE WORKING ELECTRODES BLACK COLORED PCTFE

Due to the supply chain issues related to a black colored PCTFE material, these part numbers for disc type working electrodes will have a transparent colored electrode body rather than the usual black color. Please note that these working electrodes were thoroughly tested for performance and are subject to our standard quality promises. This "temporary" change is a result of supply chain challenges and an effort to continue providing the products that researchers need to perform important work.
